

32ND

ANNUAL REPORT
2024 - 25

FROM THE CHAIRMAN'S DESK

MESSAGE FROM THE MANAGING DIRECTOR

It is a privilege to share our progress over the past year and outline the strategic priorities and growth opportunities that lie ahead. I am both proud and inspired by the progress “**Choksi Laboratories Limited**” have made in strengthening our role as a trusted partner in analytical testing. Our commitment to excellence continues to drive us in delivering high-quality, reliable, and innovative testing solutions across a diverse spectrum — from pharmaceuticals and food products to agriculture, chemicals, and construction materials.

Over the past year, we have introduced **cutting-edge testing protocols**, expanded our **research and service capabilities** and further aligned our operations with global standards. These advancements have not only empowered our clients with accurate data and insights but also contributed meaningfully to **public health, environmental safety and industry compliance**.

Our pursuit of **innovation** remains steadfast. We have made strategic investments in **new technologies, digital infrastructure, and scientific talent** — all with the goal of staying at the forefront of analytical science. In parallel, our sustainability initiatives have seen measurable progress, as we continue to reduce our environmental footprint and foster a culture of accountability and green thinking.

This journey would not be possible without the **relentless dedication of our team**, whose passion, expertise, and integrity define our organization. I extend my deepest appreciation to our employees, customers, business partners, and stakeholders who have supported us with trust and collaboration.

Looking ahead, we are driven by a bold vision:

- To **elevate the standards** of testing and compliance across industries
- To **accelerate innovation** in laboratory science and R&D
- And to **integrate sustainability** at every level of our value chain

Together, we will continue to shape a healthier, safer and more responsible world — through the power of precision testing and scientific excellence.

Sincerely,
Sunil Choksi

Notes:

1. In view of and pursuant to the Circular No. 10/2022 dated December 28, 2022 issued by the Ministry of Corporate Affairs and all other relevant circulars issued from time to time, companies whose AGM are due in the year 2023, to conduct their AGM on or before 30.09.2023, in accordance with the requirements laid down in para 3 & 4 of the General Circular No. 20/2020 dated 05.05.2020 i.e. physical attendance of the Members to the AGM venue is not required and general meeting be held through video conferencing (VC) or other audio visual means (OAVM). The deemed venue for the AGM shall be the Registered Office of the Company.
2. Accordingly, in compliance with the applicable provisions of the Companies Act, 2013 read with the aforesaid circulars issued by MCA, the 32nd Annual General Meeting of the Company shall be conducted through Video Conferencing (VC) to be referred to as "e-AGM".
3. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM/EGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the EGM/AGM will be provided by CDSL
4. The Members can join the EGM/AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the EGM/AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the EGM/AGM without restriction on account of first come first served basis.
5. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
6. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this e-AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the e-AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
7. Corporate Members who's Authorized Representatives are intending to attend the Meeting through VC/OAVM are requested to send to the Company on their email Id: compliance_officer@choksilab.com, a certified copy of the Board Resolution authorizing their representative to attend and vote on their behalf at the Meeting and through Remote E-voting.
8. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM/EGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM/EGM through VC/OAVM and cast their votes through e-voting.
9. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM/EGM has been uploaded on the website of the Company at <http://www.choksilab.in>. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM/EGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM/EGM) i.e. www.evotingindia.com.
10. AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 10/2022 dated December 28, 2022.
11. Statement pursuant to the provisions of Section 102 of the Companies Act, 2013 is annexed hereto and forming part of this notice.
12. The Register of Members, Beneficial Owner and Share Transfer Books of the Company will remain closed from 10th September, 2025 to 16th September, 2025 both days inclusive for the purpose of the Annual General Meeting.
13. In compliance with the aforesaid MCA Circulars and SEBI Circular dated 05.01.2023, Notice of the e-AGM along with the Annual Report 2024-25 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Members may note that the Annual Report 2024-25 will also be available on the Company's website www.choksilab.com, websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com and on the website of CDSL (agency for providing the Remote e-Voting facility) <https://www.evoting.cdsl.com>

20. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.
21. The shareholders are hereby informed that all the correspondence in connection with the shares is addressed to the Registrar & Share Transfer Agent **M/S MUFG INTIME PRIVATE LIMITED**, at C 101, 247 Park, L.B.S. Marg, Vikhroli (West), Mumbai -400083.
22. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in Securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to their Depository Participant with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN to the Company/MUFG INTIME PRIVATE LIMITED.
23. Members holding shares in single name and physical form are advised to make nomination in respect of their shareholding in the Company.
24. To prevent fraudulent transactions, members are advised to exercise due diligence and notify the Company of any change in address or demise of any member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the Concerned Depository Participant and holdings should be verified.
25. Members may also note that the Notice of the 32nd Annual General Meeting and the Annual Report for 2024-25 will also be available on the Company's website at www.choksilab.in for download. The physical copies of the aforesaid documents will also be available at the Company's Registered Office for inspection during normal business hours (11.00A.M. to 5.00 P.M.) on all working days except Saturdays and Sundays, up to and including the date of the Annual General Meeting of the Company. Even after registering for e-communication, members are entitled to receive such communication in physical form, upon making a request for the same, by post free of cost. For any communication, the shareholders may also send requests to the Company's investor mail id: compliance_officer@choksi.com
26. Remote e-Voting: Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), the Company is providing facility of remote e-voting to its Members through e-Voting Agency M/S. CENTRAL DEPOSITORY SERVICE LIMITED (CDSL).

27. THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER

- (i) The e-voting period begins on 13th September, 2025 at 09.00 a.m. and ends on 15th September, 2025 at 05.00 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 09th September, 2025 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have cast their votes by remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholder/s/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

We have pleasure in submitting the Management Discussion & Analysis Report on the Company's business.

1. Industry Structure and Developments

The Indian testing and laboratory services industry has witnessed steady growth over the past few years, driven by increased demand in sectors such as pharmaceuticals, food safety, environment, industrial products, and consumer goods. The focus on quality, regulatory compliance, and safety standards has further accelerated the need for accredited laboratory testing services.

The Government of India's initiatives such as "Make in India", "Atmanirbhar Bharat", and stricter environmental and product safety norms are contributing to growth in the testing, inspection, and certification. Additionally, global supply chain requirements and export standards have increased the role of third-party labs in quality assurance.

2. Opportunities and Threats

Opportunities:

- Increasing regulatory requirements across industries (FSSAI, BIS, CPCB, etc.).
- Growth in pharmaceutical and biotech industries post-pandemic.
- Export market requirements for compliance and certification.
- Rise in awareness about food safety and environmental sustainability.
- Scope for digitalization and automation in laboratory operations.

Threats:

- High dependency on skilled manpower and technology.
- Pricing pressures from unorganized players or low-cost competitors.
- Rapid changes in regulatory requirements leading to compliance challenges.
- Currency fluctuations impacting imports of high-end testing equipment.

3. Segment-wise or Product-wise Performance

The Company operates in multiple testing segments including:

- Food & Water Testing: Increased volume due to regulatory emphasis and consumer awareness.
- Environmental Testing: Growth driven by stricter environmental compliance norms.
- Pharmaceutical Testing: Consistent performance, with growth from stability and analytical testing services.
- Construction Material Testing: Modest growth in demand from real estate and interior design industries.
- Calibration Services: Growth enhancement due to evolving needs of National and International scale at diverse industries.

4. Outlook

With increasing regulatory oversight, quality consciousness, and industrial growth, the analytical testing market is expected to maintain double-digit growth. The Company is well-positioned to benefit from this growth with its focus on quality, expansion of service offerings, accreditations, and investments in automation and technology. Continued focus will also be placed on developing client relationships and entering niche testing areas like microbiome, residue analysis, and trace metals.

5. Risks and Concerns

The primary risks include:

- Delays in regulatory changes or approvals impacting service demand.
- High capital investment required for technological upgradation.
- Risks associated with client concentration in specific sectors.
- Cybersecurity risks due to increasing reliance on digital platforms.

The Company mitigates these risks through diversification, continual staff training, internal audits, and robust IT infrastructure.

6. Internal Control Systems and Their Adequacy

The Company has a robust internal control system commensurate with its size and nature of operations. The internal controls ensure efficient use of resources, compliance with applicable laws, and reliability of financial reporting. Regular audits and management

reviews ensure ongoing improvements in systems and processes.

7. Financial Performance with Respect to Operational Performance

In financial year 2024-25 we have generated the revenue of Rs. 4184.94 lacs as compared to Rs. 3685.92 Lacs. in the previous year. The Net profit before Tax for the year under review has amounted to Rs. 215.33 lacs as compared to previous year profit of Rs. 166.32 Lacs, the exceptional Items amounting NIL (previous year Rs. NIL), and Net profit after tax for the year is Rs. 152.33 lacs as compared to previous year profit of Rs. 110.98 lacs reflecting enhanced productivity and revenue realization.

8. Information Technology Systems and Cybersecurity

The Company's operations are highly dependent on robust IT infrastructure and systems. On May 22, 2025, the Company faced a ransomware cyberattack targeting its main servers, which caused temporary disruption in access to core systems, including those supporting financial reporting.

In response, the Company:

- Immediately activated its incident response plan
- Engaged external cybersecurity experts
- Restored data via secure backups
- Reinforced IT controls and recovery protocols

The incident led to a short delay in finalization of financial results for FY 2024-25, which were subsequently approved after successful data recovery and completion of the audit process.

The Company continues to invest in enterprise-grade IT security solutions, periodic vulnerability assessments, staff training, and business continuity planning (BCP). These efforts are aimed at minimizing the risk of recurrence and ensuring the integrity and reliability of our IT environment.

9. Human Resources and Industrial Relations

Our personnel, in our opinion, are our most valuable assets and are essential to attaining both our vision and growth goals. Diversity, inclusivity, equal opportunity, non-discrimination, meritocracy, and freedom of expression are the cornerstones of our workplace culture. In order to provide the best possible working conditions for our employees, we regularly review our human resources practices.

I. Opinion

We have audited the accompanying Financial statements of Choksi Laboratories Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2025, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian accounting standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its Profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

II. Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

III. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended 31st March, 2025. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matters	How our audit addressed the key audit matter
Information Technology (IT) System & Control Impacting Financial Reporting The Company operates an accounting and enterprise software system across its head office and branch locations, which is integral to its financial reporting processes. The IT environment is moderately complex and supports the processing and recording of financial transactions at multiple locations. The integrity and reliability of financial reporting are highly dependent on such IT systems and the associated control environment, which includes: • IT general controls over user access, change management, application, network, database, and operating systems • Automated application controls, including system calculations and workflows Due to the importance of IT systems and controls to financial reporting and in light of a cybersecurity incident that occurred after the Balance Sheet Date, we identified testing of these IT systems and controls as a key audit matter for the current year audit.	In assessing the integrity of the IT systems and controls, we involved our IT specialists to: • Understand the IT infrastructure and systems relevant to the Company's financial reporting • Evaluate and test the design and operating effectiveness of IT general controls and key automated controls • Assess controls over user access management, including periodic review and removal of access rights • Test segregation of duties and preventive controls to ensure access to change applications in the production environment is restricted to authorized personnel • Evaluate the design and operating effectiveness of key automated controls within relevant business processes, including accuracy of system interfaces and data processing. Our procedures also considered any remediation measures undertaken by the Company in response to the cybersecurity event, and whether these actions mitigated potential risks to financial reporting. (refer Note 62) Based on the above procedures and the additional controls implemented post-incident, we did not identify material weaknesses that would affect the integrity of financial reporting.
Allowances for credit losses The Company determines the allowance for credit losses on trade receivables based on historical loss experience, adjusted for current and forward-looking economic conditions. This involves significant judgment, including: - Estimating the probability of default - Evaluating macroeconomic conditions and industry-specific risks - Assessing customer-specific credit information Given the use of complex assumptions and significant estimation uncertainty, we considered this a key audit matter.	Our audit procedures included: - Testing the design and effectiveness of controls over the estimation methodology, data accuracy, and assumptions - Verifying the completeness and accuracy of trade receivable ageing data used in the model - Re-computing the expected credit loss based on the inputs provided by the Company - Evaluating the reasonableness of assumptions in the context of current economic conditions - Assessing the consistency of the methodology with applicable accounting standards We found that the assumptions used by the Company were reasonable and the methodology was consistently applied.
Provisions & Contingent Liabilities The Company is involved in various legal, regulatory, and tax-related matters that require management to assess the likelihood of outflows and estimate potential liabilities. Significant judgment is required to determine whether a provision should be recognized or disclosed as a contingent liability, and to estimate the amount of such obligations, in accordance with Ind AS 37. Given the inherent uncertainties and materiality of these estimates, we identified provisions and contingent liabilities as a key audit matter.	We tested the design and operating effectiveness of controls related to: - Identification, evaluation, and monitoring of legal and regulatory matters - Estimation processes used by management We discussed significant litigations and claims with management and internal legal counsel. We also: - Reviewed external legal opinions, where available - Assessed the adequacy of provisions recorded

	- Evaluated the appropriateness and completeness of related disclosures in Note 35 to the financial statements Based on our procedures, we found the provisions and contingent liability disclosures to be appropriate.
Related Party Transactions The Company enters into transactions with related parties in the ordinary course of business. These transactions are subject to regulatory approvals under the Companies Act, 2013, and SEBI (LODR) Regulations, 2015. Due to the risk of non-disclosure, potential non-compliance, and significance of such transactions to the financial statements, we identified related party transactions as a key audit matter.	Our procedures included: - Evaluating the design and effectiveness of controls over identification, authorization, and disclosure of related party transactions - Reading Board and Audit Committee minutes to assess whether all transactions were appropriately reviewed and approved - Verifying compliance with Sections 177 and 188 of the Companies Act, 2013 - Reviewing disclosures in the financial statements for completeness and accuracy Based on our procedures, we found that related party transactions were appropriately identified, approved, and disclosed in accordance with applicable requirements.

IV. Information other than the financial statements and Auditor's Report thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Company's annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

V. Responsibilities of Management and those charged with governance for the financial statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the companies (Indian Accounting Standards) rules 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors and management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

VI. Auditor's Responsibilities for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the

aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls over financial reporting and the operating effectiveness of such controls.
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f. Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

VII. Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "**Annexure A**" to this report, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. With respect to the matter to be included in the Auditors' Report under section 197(16), we report that, In our opinion and according to the information and explanation given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.
3. As required by Section 143(3) of the Act, based on our Audit we report to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), statement of changes in

equity and statement of cash flows dealt with by this Report are in agreement with the books of account maintained.

- d) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**” to this report.
- e) In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act.
- f) On the basis of the written representations received from the directors as on 31 March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations which would impact its financial positions- refer to Note No. 35 to the Financial Statements.
 - ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses during the year ended March 31, 2025.
 - iii. There were no amounts which were required to be transferred to the investor education & protection fund by the company.
 - iv. (a) The management has represented that, to the best of it's knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The management has represented, that, to the best of it's knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
 - v. The company has not declared any dividend during the year.
 - vi. Based on our examination which included test checks, the Company has used accounting softwares for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the softwares. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Further, the audit trail, to the extent maintained in the prior year, has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to point 3(d) of paragraph VII under ‘Report on Other Legal and Regulatory Requirements’ section of our Report of even date)

Report on the Internal Financial Controls over Financial Reporting under Section 143(3)(I) of The Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Choksi Laboratories Limited** (“the Company”) as of 31st March, 2025 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

I. Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

II. Auditor’s Responsibility for the Audit of Internal Financial Controls

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on audit of Internal financial controls over financial reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

III. Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company’s assets that could have material effect on the financial statements

IV. Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

V. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on audit of internal financial controls over financial reporting issued by the ICAI.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2025

Note No. 1- Description of the Company and Material Accounting Policies

I. Corporate Information

i) Company Overview

Choksi Laboratories Limited (the Company), incorporated on 29/01/1993 under the Companies Act, 1956 provides contract testing and analytical services. The Company analyses, for its clients, or as a regulatory requirement pharmaceuticals, food and agricultural products, construction materials, chemicals, Calibration and environment Monitoring services.

The company is a public limited company incorporated and domiciled in India. The address of its registered and corporate office is Survey No 9/1, Near Tulsiyana Industrial Park, Gram Kumedi, Indore - 452010, Madhya Pradesh, India. The Company's equity shares are listed at BSE. The Company is presently classified under "Small" category, Major Activity "Services" vide MSME UDYAM Registration No.UDHYAM-MP-23-0018547.

ii) Certifications

The company is certified by BIS (Bureau of Indian Standards), FDA (Food and Drugs control Administration), U.S. Food & Drug administer. MOEF (Ministry of Environment & Forests), State Pollution Control Boards, Department of Health (Madhya Pradesh), Agricultural Marketing Advisor (AGMARK – Government of India), and several other regulatory bodies.

iii) Accreditation

The company has also been accredited by NABL (National Accreditation Board for testing & calibration Laboratories). This is internationally recognized through ILAC (International Laboratories Accreditation Committee) and is based on ISO/IEC 17025 guidelines.

iv) Industry Leadership

Since its incorporation, the company has led the industry with innovative business practices. The company is first in Central India: i. To develop Vendor Assessment program in the Edible Oil extraction industry, ii. To start water and soil analysis, and iii. To start instrument calibration services for organizations that were targeting ISO certification or had already achieved it.

II. Basis Of Preparation Of Financial Statements

A. Statement of Compliance:

The financial statements comply, in all material aspects, with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ("Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act to the extent applicable and applicable guidelines issued by the Securities and Exchange Board of India ('SEBI').

The financial statements have been prepared by the Company as a going concern on the basis of relevant Ind AS that are effective at the Company's annual reporting date, 31 March 2025. These financial statements were authorized for issuance by the Company's Board of Directors on 7th June 2025.

B. Basis of Measurement

The financial statements have been prepared on historical cost basis, except for the following material items in the balance sheet:

- financial assets are measured either at fair value or at amortized cost depending on the classification;
- Derivative financial instruments
- Defined benefit plans- plan assets measured at fair value less cost to sell.
- Right-to-use the assets are recognized at the present value of lease payments that are not paid at that date. This amount is adjusted for any lease payments made at or before the commencement date, lease incentives received and initial direct costs, incurred, if any.
- Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date.

C. Functional and presentation currency:

The financial statements are presented in Lakhs of Indian Rupees ('INR' or 'Rupees' or '₹') which is the functional currency for the

Company and all values are rounded to the nearest lakhs, except when otherwise stated.

D. Use of Accounting estimates and Professional judgments:

The preparation of the financial statements in conformity with the Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

III. MATERIAL ACCOUNTING POLICIES INFORMATION:

A. Property, plant and equipment (PPE)

i) Recognition and measurement

Items of property, plant and equipment are stated at cost of acquisition, net of recoverable taxes, trade discount and rebates less accumulated depreciation/ amortization (other than land) and impairment losses. Such costs includes purchase price, borrowing cost, taxes (other than those subsequently recoverable from tax authorities), duties, freight and any cost directly attributable to bringing the assets to its working condition for its intended use net of charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

ii) Subsequent expenditure

Subsequent expenditure incurred such as repairs and maintenance, are normally charged to the statement of profit and loss in the period in which the costs are incurred. Major inspection and overhauling expenditure is capitalized, if the recognition criteria are met. The policy of the company is that subsequent costs are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the items will flow to the entity and the cost of the same can be measured reliably.

iii) Replacement of significant part of assets

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied.

iv) Disposal of Property, Plant or Equipment

Gains and losses on disposal of an item of property, plant and equipments are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within other income/other expenses in statement of profit and loss.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss, when the asset is derecognized.

v) Capital Work-in-Progress

Expenses incurred relating to a project; net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work- in-Progress.

vi) Provisions

Provision of decommissioning & restoration & other liabilities are not made.

vii) Presentation

Property plant and equipment has been shown at gross value in the books of accounts since Depreciation has been separately credited to Depreciation Reserve account and in the financial statement; Property, plant and equipment shown at Gross Value along with accumulated depreciation and Net Written Down Value for the current financial year in comparison with previous financial year.

viii) Government Grants and subsidies

The Company recognises government grants only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received.

The Government grants in the form of subsidy are presented in the balance sheet by deducting it from carrying amount of the eligible assets on a pro rata basis. The grant is recognized in the Statement of Profit and loss over the life of a depreciable asset as a reduced depreciation expense.

ix) Depreciation:

Depreciation on Property, plant & equipment is provided on the straight-line method based on useful life of the assets as prescribed in Part C of Schedule II to the Companies Act, 2013 or based on estimated useful lives of the assets determined by the management as per historical practices. Each part of an item of Property, Plant & Equipment with a cost that is significant in relation to total cost of the Machine is depreciated separately, if its useful life is different than the life of the Machine.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation is not recorded on capital work-in-progress until construction and installation is complete and the asset is ready for its intended use.

B. Revenue Recognition

The Company's contracts with customers include promises to provide services to the customers. Judgment is required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as schemes, incentives and cash discounts, among others. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period.

Estimates of rebates and discounts are sensitive to changes in circumstances and the Company's past experience regarding rebate entitlements may not be representative of customers' actual rebate entitlements in the future.

The Company earns revenue primarily from providing contract testing and analytical services.

Revenue is recognized applying the 5 step approach:

- a. Identifying contract with customer as a first step.
- b. Having identified a contract, the entity next identifies the performance obligations with that contract. A performance obligation is a promise in a contract with a customer to transfer either a good or service or a bundle of goods or services that are distinct.
- c. Third step in the model is to determine the transaction price and then
- d. as fourth step, such transaction price needs to be allocated to the performance obligation identified in step 2.
- e. In accordance with this Standard, entity is required to recognize revenue when the entity satisfies the performance obligation.

Revenue is recognized upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers. Invoices are payable within contractually agreed credit period.

Specific Revenue Recognition for Testing Services:

For testing services: Revenue is recognized when testing is completed and results are delivered to the customer

For multi-stage testing projects: Revenue is recognized based on completion of distinct performance obligations

For calibration services: Revenue is recognized upon completion of calibration and certification

Contract assets are recognized for work completed but not yet billed

Contract liabilities are recognized for advance payments received from customers

Dividend income is recorded when the right to receive payment is established. Interest income is recognized using the effective interest method.

C. FINANCIAL INSTRUMENTS

i.) Derivative financial instruments and Hedge Accounting

The Company uses various derivative financial instruments such as currency swaps, forwards & options to mitigate the risk of changes in exchange rates arising from FCNR(B) loans and foreign currency transactions. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial

liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability.

ii.) Hedges that meet the criteria for hedge accounting are accounted for as follows

Cash Flow Hedge The Company designates derivative contracts or non-derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in the Statement of Profit and Loss.

If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognised in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

Fair Value Hedge The Company designates derivative contracts or non-derivative financial assets / liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices. Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to Statement of Profit and Loss over the period of maturity.

iii.) Financial Assets Classification and Measurement

All financial assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition are adjusted to the fair value on initial recognition (except for FVTPL instruments).

Subsequent Measurement:

Amortized Cost: Debt instruments held to collect contractual cash flows (principal and interest only)

FVTOCI: Debt instruments held to collect and sell, with SPPI characteristics

FVTPL: All other financial assets including derivative instruments

Impairment of Financial Assets: The Company applies the expected credit loss (ECL) model for measurement and recognition of impairment loss on trade receivables. For trade receivables, the Company follows a simplified approach and recognizes lifetime expected credit losses using a provision matrix based on historical credit loss experience and adjusted for forward-looking factors specific to the debtors and economic environment.

iv.) Financial Liabilities

Financial liabilities are initially recognized at fair value and subsequently measured at amortized cost using the effective interest method, except for derivative instruments which are measured at fair value.

D. INVENTORIES

- a. Items of inventories are measured at lower of cost or net realizable value, except obsolescence/ defective products which are valued at net realizable value. Cost of inventories comprises of cost of purchase and other costs including other expenses incurred in bringing them to their respective present location and condition.
- b. The comparison of cost and the net realizable value is made on an item-by-item basis.
- c. The cost formulas used are on FIFO basis.

Industry-Specific Inventory Treatment:

- Chemicals, reagents, and consumables used in testing operations
- Reference standards and calibration materials
- Sample preservation materials

E. Borrowing Costs

i) Capitalization Policy

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets until the assets are substantially ready for their intended use or sale. A qualifying asset is one that necessarily takes substantial period of time (generally more than 12 months) to get ready for its intended use.

ii) Borrowing Costs Eligible for Capitalization

- Interest on specific borrowings for qualifying assets after deducting income earned on temporary investment of such borrowings
- Interest on general borrowings to the extent used for qualifying assets using weighted average cost of borrowings
- Exchange differences on foreign currency borrowings (including FCNR(B) loans) to the extent regarded as adjustment to interest costs
- Other borrowing costs directly attributable to qualifying assets

iii) Other Borrowing Costs

All other borrowing costs are recognized as expense in the period in which they occur, including interest on working capital facilities and term loans for completed assets.

F. Government Grants

i) Recognition

Government grants are recognized only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received.

ii) Asset-Related Grants

Grants related to assets are presented in the balance sheet by deducting from the carrying amount of the eligible assets. The grant is recognized in the Statement of Profit and Loss over the life of the depreciable asset as reduced depreciation expense.

iii) Income-Related Grants

Grants to compensate for expenses incurred are recognized in Statement of Profit and Loss in the period when related expenses are incurred.

G. Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

i) Fair Value Hierarchy

Level 1: Quoted prices in active markets for identical assets or liabilities

Level 2: Observable inputs other than quoted prices (most derivatives fall here)

Level 3: Unobservable inputs requiring significant management judgment

ii) Application to Financial Instruments

- Derivative instruments: Based on forward rates and present value techniques
- FCNR(B) loans: Present value using current market rates for similar instruments
- Other financial instruments: Various valuation techniques as appropriate

IV. OTHER ACCOUNTING POLICIES:

A. Current and Non-current classification:

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1, Presentation of Financial Statements.

Assets: An asset is classified as current when it satisfies any of the following criteria: a. It is expected to be realized in, or is intended for sale or consumption within the Company's normal operating cycle; b. It is held primarily for the purpose of being traded, c. It is expected to be realized within twelve months after the reporting date; or d. It is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities: A liability is classified as current when it satisfies any of the following criteria: a. It is expected to be settled in the Company's normal operating cycle; b. It is held primarily for the purpose of being traded; c. It is due to be settled within twelve months after the reporting date; or d. The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Current assets and liabilities include the current portion of non-current assets and liabilities respectively. All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are always disclosed as non-current.

B. Cash flow statement:

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Statement of Cash Flows is prepared in accordance with the Indirect Method prescribed in the Indian Accounting Standard-7 "Statement of Cash Flows"

C. Recoverability of trade receivable

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

D. Provisions

Provisions are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

E. Provisions for doubtful debts

Exposures to customers outstanding at the end of each reporting period are reviewed to determine incurred and expected credit losses and the Company establishes an allowance for doubtful debts and impairment that represents its estimate of expected losses in respect of trade receivables. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro-economic indicators have undergone change, it has not affected the customers of the Company substantially; hence the Company expects the historical trend of minimal credit losses to continue. The Provision for doubtful debt as at March 31, 2025 related to customers that have defaulted on their payments to the Company and are not expected to be able to pay their outstanding balances, mainly due to economic circumstances.

The loss allowance on trade receivable has been computed on the basis of Ind AS 109, Financial Instruments which require such allowance to be made even for trade receivable considered good on the basis that credit risk exists even though it may be very low. The Company exposure to credit and currency risk and loss allowance related to trade receivable are disclosed in Note no.11, 36.

F. Impairment of Non-Financial Assets

The Company assesses the chances of an asset getting impaired on each reporting date. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

G. Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of impairment of investments, useful lives of property, plant and equipment, valuation of deferred tax assets and fair value measurement of financial instruments, these are discussed below.

Key sources of estimation of uncertainty in respect of revenue recognition, employee benefits and provisions and contingent liabilities have been discussed in their respective policies.

H. Leases:

i) As Lessee

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any re-measurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

ii) Lease Liability

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

iii) Short-term and Low-value Leases

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

I. Intangible Asset

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortization /depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Amortization is recognized in the statement of profit and loss on a straight-line basis over the estimated useful lives of intangible assets. The amortization expense is recognized in the statement of profit and loss account in the expense category that is consistent with the function of the intangible asset. Intangible assets that are not available for use are amortized from the date they are available for use.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Intangible assets comprises of computer software. Cost of computer software includes cost such as expenditure incurred on development of the computer software and is amortized on straight line basis over a period of useful life, which in management's estimate represents the period during which economic benefits will be derived from their use.

J. Capital work in progress

- a. Expenditure incurred on assets under construction (including a project) is carried at cost under Capital Work-in-Progress. Such costs comprises purchase price of asset including import duties and non-refundable taxes after deducting trade discounts and rebates and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

- b. Cost directly attributable to projects under construction include expenditure in relation to survey and investigation activities of the projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, professional fees, expenditure on maintenance and up gradation, among others of common public facilities, depreciation on assets used in construction of project, interest during construction and other costs if attributable to construction of projects. Such costs are accumulated under 'Capital Work-in-Progress' and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects.
- c. Capital expenditure incurred for creation of facilities, over which the Company does not have control but the creation of which is essential principally for construction of the project is capitalized and carried under 'Capital work-in-progress' and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects, keeping in view the 'attributability' and the 'Unit of Measure' concepts in Ind AS 16- 'Property, Plant & Equipment'. Expenditure of such nature incurred after completion of the project, is charged to Statement of Profit and Loss.

K. Provisions and contingent liabilities

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made. Such provisions are determined based on management estimate of the amount required to settle the obligation at the Balance Sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed on the basis of judgment of management. These are reviewed at each balance sheet date and disclosed to reflect the current management estimates.

Contingent assets are not recognised in the financial statements. A contingent asset is disclosed where an inflow of economic benefits is probable. Contingent assets are assessed continually and, if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

L. Income taxes

a. Current tax

Income tax has been recognized under normal provisions of Income Tax Act, 1961 during the year. Till last year the Company was required to pay tax under the MAT Provisions. Deferred taxes are recognized in statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity.

b. Deferred income taxes

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred income tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis. Deferred tax assets and liabilities are classified as non-current assets / liabilities.

c. Recognition of MAT Credit entitlement:

The credit availed under MAT is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set off against the normal tax liability. This requires significant management judgment in determining the expected availment of the credit based on the business plans and future cash flows of the Company.

M. Foreign Exchange Transactions:

a. Functional Currency

The financial statements are presented in Indian rupees, which are the functional currency of the company and the currency of the primary economic environment in which the company operates.

b. Initial Recognition and Subsequent Measurement

Transactions in foreign currencies are initially recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

c. Exchange Differences

Exchange differences arising on settlement or translation of monetary items are recognized in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings (including FCNR(B) loans) that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

FCNR(B) Loan Treatment:

Principal amount translated at closing exchange rate

Exchange differences on principal recognized in profit or loss unless capitalized for qualifying assets

Interest expense translated at average rate for the period

Hedge accounting applied where derivative instruments are used to hedge foreign exchange risk

N. Employee benefits

i) Short term employee benefits

All employee benefits which are payable within twelve months of rendering service are classified as short-term employee benefits. Benefits such as salaries, wages, bonus, short term compensated absences and the expected cost of ex-gratia is recognized in the period in which the employee renders the related service.

Employee benefits include short term benefits like salaries and wages which are recognized as an expense in the statement of Profit and Loss of the year in which the related service is rendered.

A liability is recognized for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii) Post-Employment Benefits

Defined Contribution Plans A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Superannuation Fund and Pension Scheme. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefits Plans The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iii) Provident Fund

Provident Fund contributions are made to a trust administered by the Trustees. Trust makes investments and settles member's claims. Interest Payable to the members shall not be at a rate lower than the statutory rate. Liability is recognized for any shortfall in the plan assets vis-à-vis actuarially determined liability of the fund obligation.

iv) Gratuity Plan

The company has a defined gratuity plan. Every employee who has rendered continuous service of 5 years or more is entitled to gratuity amount of 15 days salary (15/26 last drawn basic salary plus dearness allowance) for each completed year for five year or more subject to maximum of ₹ 20 lakhs on superannuation, resignation, termination, disablement or death.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

O. Cash and cash equivalents:

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

P. Earnings per share

Basic earnings per share are computed by dividing profit or loss attributable to equity shareholders of the company by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a right issue to existing shareholders and instruments converted to equity during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

Q. Dividend Distribution:

Dividend distribution to the shareholders is recognized as a liability in the Company's financial statements in the period in which the dividends are approved by the Company's shareholders.

R. Cost recognition

Costs and expenses are recognized when incurred and have been classified according to their nature. The costs of the Company are broadly categorized in employee benefit expenses, Finance Costs, cost of raw materials consumed, depreciation and amortization expense and other expenses. Employee benefit expenses include Salaries & wages, bonus to employees, incentives and allowances, contributions to provident fund and other funds and staff welfare expenses. Other expenses mainly include laboratory expenses, power & fuel expenses, Testing charges, Repairs & maintenance expenses, rent charges, professional charges, business promotion and advertisement expenses & several other expenses. (Refer Note: 29 for details)

S. Investment Property

As per Ind AS 40 "Investment Property", Investment property is property (land or a building—or part of a building—or both) held (by the owner or by the lessee under a finance lease) to earn rentals or for capital appreciation or both. Therefore, an investment property generates cash flows largely independently of the other assets held by an entity. This distinguishes investment property from owner-occupied property. The production or supply of goods or services (or the use of property for administrative purposes) generates cash flows that are attributable not only to property, but also to other assets used in the production or supply process.

Investment property shall be recognized as an asset when and only when: a. It is probable that the future economic benefits that are associated with the investment property will flow to the entity; and b. The cost of the investment property can be measured reliably.

Reclassification to investment property When the use of a property changes from owner occupied to investment property, the property is reclassified as investment property as it's carrying amount on the date of reclassification.

As per Ind AS 40 "Investment Property", Transfers to, or from, investment property shall be made when, and only when, there is a change in use, evidenced by: • commencement of owner-occupation, for a transfer from investment property to owner-occupied property; • commencement of development with a view to sale, for a transfer from investment property to inventories; • end of owner-occupation, for a transfer from owner-occupied property to investment property; or • Commencement of an operating lease to another party, for a transfer from inventories to investment property.

However, there is no investment property in the company.

T. Segment reporting

The Company's main business is testing & analysis. There is no separate reportable segment as per Ind AS 108.

U. Exceptional items

Exceptional items refer to items of income or expense, including tax items, within the statement of profit and loss from ordinary activities which are non recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Company.

V. Actuarial Valuation

The determination of company liability towards defined benefit obligation to Employees is made through Independent Actuarial Valuation including determination of amount to be recognized in the Statement of Profit & Loss & in other Comprehensive Income vide his valuation report dt. 20/05/2025. Such valuation depend upon assumption determined after taking into account interim, seniority, promotions and other relevant factors such as Supply & Demand Factor in the Employment Market. Information about such valuation is provided in notes to the Financial Statements.(refer Note 32)

W. Industry-Specific Policies

i) Sample Management

- Sample storage costs are expensed as incurred
- Sample disposal costs are provided when obligation arises
- Specialized sample preservation equipment is capitalized as PPE

ii) Certification and Accreditation Costs

- Initial certification costs are expensed as incurred
- Annual accreditation fees are recognized over the certification period
- Maintenance and renewal costs are expensed when incurred

iii) Quality Control

- Calibration costs for equipment are expensed as incurred
- Reference standards and materials are expensed
- Quality assurance program costs are expensed as incurred

iv) Environmental Compliance

- Waste disposal costs are expensed as incurred
- Environmental compliance equipment is capitalized
- Remediation costs are provided when obligations arise

X. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") has notified amendments to the existing standards Ind AS 117 -Insurance Contracts and Ind As 116 – Leases, relating to sale and lease back transactions, applicable from April 1, 2024. The Company has assessed that there is no significant impact on its financial statements.

The Company continuously monitors new accounting pronouncements issued by the Institute of Chartered Accountants of India and assesses their impact on the financial statements. Any material changes will be disclosed in the period of adoption.

32. **Defined Benefit Plan**

Gratuity is classified as Defined Benefit Plan as company's obligation is to provide agreed benefits, subject to minimum benefits as subscribed by the Payment of Gratuity Act to Plan members. The Company's net obligation is arrived by deducting Fair Value of Plan Assets from the Present value of Defined Benefit obligation as on the date of valuation. Present Value of Defined Benefit Obligation is calculated by projecting the benefit till the time of retirement of each active member using assumed salary escalation rate, mortality & employee turnover rates. The expected benefit payments are then discounted back from the future payment date to the date of valuation using assumed discounting rate.

The Company pays gratuity to the employees whoever has completed 4 years 240 days of service with the Company at the time of resignation/retirement/superannuation. The gratuity is paid @15 days Plan Salary for every completed year of service (6 months and above shall be considered as 1 year) as per the Payment of Gratuity Act 1972. Maximum Ceiling is Rs. 20 Lacs. The Scheme is funded through approved gratuity fund of LIC formed exclusively for gratuity payment to the employees.

As per IND AS 19 "Employee benefits", the detailed disclosures as per the Actuarial Valuation Report dated 20/05/2025 are given below:

Ind AS 19 Disclosures

Background

Gratuity is classified as Defined Benefit plan as enterprise's obligation is to provide agreed benefits, subject to minimum benefits as subscribed by the Payment of Gratuity Act, to plan members. Actuarial & Investment risks are borne by the enterprise.

The Net Defined Benefit Liability/ (Asset) is the Net (Surplus)/Deficit in the plan netted off by effect of Asset Celling, if any. It is arrived by deducting Fair Value of Plan Assets from the Defined Benefit Obligation as on the date of valuation.

As required under Para 67 of Ind AS 19 actuarial valuation is done using Projected Unit Credit Method. Under this method, only benefits accrued till the date of valuation (i.e. based on service up to date of valuation) are to be considered for valuation. Present value of Defined Benefit Obligation is calculated by projecting salaries, exits due to death, resignation and other decrements, if any, and projects the benefit till the time of retirement of each active member using assumed rates of salary escalation, mortality & employee turnover rates. The expected benefit payments are then discounted back from the future date of payment to the date of valuation using the assumed discount rate.

'Service Cost' is calculated separately in respect of benefit accrued during the current period using the same method as described above. However, instead of all accrued benefits, benefit accrued over the current reporting period is considered.

Recognition of Actuarial Gains/Losses

All the re-measurements, comprising of actuarial gains/losses on DBO & Fair value of assets, arising during the reporting period have been recognized in full through outside of Profit & Loss account through Other Comprehensive Income.

Discount Rate

Discount Rate for this valuation is based on Government bonds having similar term to duration of liabilities. Due to lack of a deep & secondary bond market in India, government bond yields are used to arrive at the discount rate.

Risk Posed by the Plan

Gratuity is a multiple of last drawn salary paid at the time of retirement/resignation/death. The actuarial risk i.e. unusual (typically high) salary growth or turnover rate can increase the cost of providing the benefit. It can also alter timing of cash flows. This risk is borne by the employer. Gratuity is paid as lump sum and hence there is no longevity risk involved.

Asset Information

The scheme is funded through an 'Approved Trust'. The Trust has taken a Policy from the Life Insurance Corporation of India (LIC) and the management of the fund is undertaken by the LIC. There has been a fund size of Rs.35.86 Lakhs as of the valuation.

Funding Requirements

Currently there are no minimum funding requirements in India. The investments made by the trust are regulated by the Income Tax Act. The enterprise and the trustees should ensure compliance with the provisions of the said act.

Special Events

No consideration about any benefit improvements, curtailments & settlements during the inter-valuation period.

34. Equity Contribution – Interest-Free Loan from Directors

Interest-free loans from directors are initially measured at fair value. For very short-term loans, the transaction amount is considered to approximate fair value. For other loans, fair value is determined by discounting future cash flows at market interest rates for similar instruments. The difference between face value and fair value is treated as deemed equity contribution. Subsequently, such loans are measured at amortized cost using the effective interest method.

During the year, the Company received an interest-free loan amounting to ₹72 Lakhs from its directors in the nature other than very short term loans. In accordance with the requirements of Ind AS 109 – Financial Instruments, the loan has been initially recognized at its fair value of ₹69.55 Lakhs. The difference of ₹2.45 Lakhs between the transaction value and fair value, being in the nature of a capital contribution by the director, has been recognized as equity under "Other Equity".

The loan is unsecured, interest-free, and repayable on demand. The Company has used an effective interest rate of 8.5% for discounting purposes, in line with prevailing market conditions for similar instruments.

Correspondingly, an amount of ₹2.45 Lakhs is included in Interest and Finance charges on financial liabilities. However, no such actual interest is paid to directors.

- It is worth to mention here that this equity amount arises due to **Ind AS 109 fair valuation** and is not a direct issuance of shares and that the amount is non-distributable **and forms part of** capital contribution reserve.

Financial risk

The Company's Board of Directors approves financial risk policies comprising liquidity, foreign currency, interest rate and counterparty credit risk. The Company does not engage in the speculative treasury activity but seeks to manage risk and optimize interest through proven financial instruments.

a. Credit risk

Credit risk is the risk that a customer or counterparty to a financial instrument fails to meet its contractual obligations causing financial loss to the company.

Credit risk arises mainly from the outstanding receivables from customers.

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of counterparty to which the Company grants credit terms in the normal course of business.

The Company has used expected credit loss (ECL) model for assessing the impairment loss.

For the purpose, the Company uses a provision matrix to compute the expected credit loss amount.

The provision matrix takes into account external and internal risk factors and historical data of credit losses from various customers.

Addition	14.31	7.17
Balance at the end of the year	66.99	52.68
Trade receivables at the end of the year	1127.29	1039.32

Deposits are with government departments and with lessor so chances of default are very minimal.

For short-term loans and advances, counterparty limits are in place to limit the amount of credit exposure to any counterparty.

None of the Company's cash equivalents are past due or impaired.

b. Liquidity risk

Liquidity risk arises from the Company's inability to meet its financial obligation as it becomes due.

The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The table below provides details regarding the contractual maturities of significant financial liabilities :

c. Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates and foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices.

Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long term debt.

The Company is exposed to market risk primarily related to foreign exchange rate risk.

Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

d. Foreign Currency Risk

The Company's foreign exchange risk arises from its foreign operations, foreign currency revenues and expenses, (primarily in US Dollars). As a result, if the value of the Indian rupee appreciates relative to these foreign currencies, the Company's revenues and expenses measured in Indian rupees may decrease or increase and vice-versa. The exchange rate between the Indian rupee and these foreign currencies have changed substantially in recent periods and may continue to fluctuate substantially in the future.

I. Significant foreign currency risk exposure in US Dollars relating to trade receivables, other receivables, cash and cash equivalents and trade payables:

Particulars	As at 31.03.2025	As at 31.03.2024
Trade receivables	48.33	22.80
Advance from Customers	1.35	0.89
Trade Payables	Nil	Nil

ii. Sensitivity: since there is not much exposure of foreign currency risk in above, it will not impact much on the financial position of the company.

iii. Significant foreign currency risk exposure in US Dollars relating to borrowings

(₹ In Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
Borrowings in FCNB Term Loans & CC Limit	2321.86	2382.98

Hedge Accounting:

The Company avails Foreign Currency Loans from State Bank of India to reduce the interest cost.

The Company duly takes forward cover to hedge against the foreign currency risks.

The premium paid for the hedging is charged to the Statement of Profit and Loss.

e. Interest rate Risk:

The Company has loan facilities on floating interest rate, which exposes the Company to risk of changes in interest rates.

The Company's Finance Department monitors the interest rate movement and manages the interest rate risk by evaluating interest rate swaps etc. based on the market / risk perception.

(₹ In Lakhs)

Particular	31st March 2025	31st March 2024
Borrowings (Non Current)	1523.36	1799.66
Borrowings (Current)	1284.12	1127.69
Total	2807.48	2927.35

For the year ended March 31, 2025 and March 31, 2024, every 1% increase in interest rate for the above mentioned financial liabilities would decrease the Company's profit & equity by approximately ₹ 28.07 Lakhs and decrease the Company's profit & equity by approximately ₹ 29.27 Lakhs respectively.

A 1% decrease in interest rate would lead to an equal but opposite effect.

37. Leases

The Company has adopted Ind AS 116 "Leases" to its leases due to which rental expense is being replaced by depreciation charge on right-of-use asset amounting to ₹44.42 Lakhs (Previous Year ₹45.18 Lakhs) which is included under depreciation and amortization expense in statement of profit and loss and finance cost on lease liability amounting to ₹10.56 Lakhs (Previous Year ₹13.37 Lakhs). The Company recognizes a lease liability measured at the present value of the remaining lease payments. The right-of-use assets are recognized at cost, which comprises the amount of the measurement of the lease liability adjusted for any lease payments made on or before the inception date of the lease. Accordingly, a right-of-use asset ₹78.01 Lakhs (previous year ₹122.43 Lakhs) and a corresponding lease liability of ₹108.16 Lakhs (previous year ₹159.91 Lakhs) has been recognized.

Payment recognized as an expense:
